

KCD CLIENT LETTERS

KCD is required to keep copies of each NAF on file in our office.

We are also required to mail the principal signed copy of the NAF to each new client within 30 days of opening a new account, along with a customer letter containing specific disclosures and requesting any corrections/changes be submitted in writing.

Then, every three years, you are required to contact each client with a request to update their account record, again requesting any changes in writing. If you receive updated information through these processes, you need to forward it on to KCD. If a client should contact you regarding any changes to the account record, they must be in writing and forwarded to our home office.

A sample of the initial customer letter is shown below:
